WHY CHOOSE OUR SCHOOL

Our small school advantages...

Choosing a school is one of the most important decisions you can make for your child. In Logan City there are many choices of secondary schooling, enough to make it tough to decide!

Like many secondary schools Loganlea State High School offers a broad academic program and an exciting range of co-curricular and extra - curricular opportunities. However, we pride ourselves on an important difference ... **we are small and we care!**

Our vision is “Making a difference for every student” and as a smaller school it is possible for “everyone to know everyone”. Our school community is close-knit, friendly and supportive of all its students, parents/carers and staff. We value a strong sense of belonging and positive partnerships and this enhances the learning experiences of our students. At “super-sized” schools, students often report feeling like “just a number”. At small schools like ours, your child will not “slip under the radar”. Our staff ensure they know and connect with every student and their parents/carers. We will work hard to meet both your child’s individual needs and your expectations of us.

We aim to cater for all students’ interest areas and therefore offer a range of Excellence programs. Our motto at Loganlea “To the Stars ...” and our Excellence programs are called STAR programs, in line with our motto. Our STAR programs aim to inspire students to reach their true potential at school by embracing students’ interests.

In our “small school” learning environment, we hope you and your children will feel welcome and valued. Our vibrant and talented staff are dedicated to teaching your children. It is with their help, support and guidance that your children will reach their full potential.

ATTENDANCE POLICY & PROCEDURE

Rationale

Attendance Goal: 92- 100%

All schools in Queensland are committed to providing safe and supportive learning environments which address the educational needs of all students. Within this environment Loganlea State High School promotes the department of Education attendance policy Every Day Counts.

In addition to this framework, the Loganlea SHS attendance policy aims to:

- Develop and reinforce the importance of the connection between school, student, home and the wider school community to positively impact on student attendance, engagement and academic achievement
- Develop relationships between teachers (Care Group teacher or other) and students so that students feel safe to attend school and voice their needs – academic, social or emotional
- Provide a platform for students to develop resilience and self-motivation

When a student misses...	That equals...	Which is...	Over 13 years of schooling...
10 minutes per day	50 minutes per week	Nearly 1 and a half weeks per year	Nearly half a year
20 minutes per day	1 hour 40 minutes per week	Over 2 and a half weeks per year	Nearly 1 year
Half an hour per day	Half a day per week	4 weeks per year	Nearly 1 and a half years
1 hour per day	1 day per week	8 weeks per year	Over 2 and a half years

Role Marking Procedures

Every morning students attend Care Group sessions to have the roll marked. If a student is not in attendance a text message is sent home in Period 1, 2 3 & 4 to parents to notify them of the absence.

If the student arrives late to school they are to present at the office to have their names marked off the roll.

The marking of the roll in each session every day is a very important responsibility as it informs the school where students are, which students are not arriving to school and to class on time.

ID Attend Processes

Loganlea State High School's key attendance program is ID Attend. Staff record all student attendance and absences, late to class or other infringements (i.e. uniform, phones, late to school etc.) in this application as detailed above.

Daily School Absentee List

Loganlea State High School is committed to closely monitoring student attendance as a matter of routine. Each day attendance is monitored and a process of notifying parents is in place, this includes texts, emails and phone calls.

If you receive notification of your child being absent and you believe it to be an error, please contact the school as soon as possible.

Explaining Absences

All students must provide notification from a parent/guardian when they are absent from school. Please note that for students of compulsory school age, there is a duty of care to establish the reasons for absence from school. For students of post-compulsory age, school staff have a responsibility to seek reasons for absences from school, although the responsibility for providing the information rests firmly on the students and parents.

A parent/guardian can explain an absence in the following ways:

- A note submitted to the Student Foyer. Doctor's Certificates are acceptable notes provided that they cover the total period of absence
- A phone call during office hours.
- A message left on absentee hotline Ph: 3451 8777 press 1 to leave a voice mail
- An entry on Qparents
- Email attendance@loganleashs.eq.edu.au

Further information for parents and carers is available at: [Education Queensland Attendance](#)

If a student is to attend a non-school representative sport, dance or cultural event the school must be notified before the date of absence by contacting the School Attendance Officer on 3451 8777 or via email to attendance@loganleashs.eq.edu.au

Acceptable Absence Reasons

- Serious illness or medical conditions (the majority of these conditions should be accompanied by a medical certificate)
- Representative activities including sport, academic and cultural
- Serious family emergencies (these should be rare)

Unacceptable Absence Reasons

- Holidays outside of school holiday periods
- Non-essential activities (e.g. shopping trips, parties, functions during the school day)
- Medical appointments that can be scheduled outside of school hours

** If you are unsure, contact the school on Ph: 3451 8777*

Student Arriving Late to School – Applies After 8:40am

- Student signs in at Student counter in Administration Block.
- Student proceeds to class with their 'sign in' slip .
- When the lateness was avoidable the student will make up for the lost class time later in the week.

Persistent Lateness to School

- The Student Dean will monitor the number of times students are late to school and provides the reason for their lateness.
- If a student is regularly late to school, a teacher, HOD or Dean of students will contact guardians to explain the school's concerns regarding attendance and provide appropriate notification of lateness. If the student continues to be late, a staff member will be contacted to liaise with the student and parents to assist the family with any barriers contributing to lateness.

Further information is available at: [Every Day Counts](#)

APPENDIX 1:

THE ROLE OF THE CARE GROUP TEACHER ONE CARING ADULT

Care groups comprise the primary point of pastoral care in the school. Working within the house system and with the support of House Masters and Deans of Students - Care groups are vital to the development of positive relationships with students.

“All teenagers need relationships that are both caring and stable. They need to build a sense of trust and have the time to communicate the complexity, frustrations, and positive aspects of their lives in and out of school. Only after creating a strong relational base will an adult have the platform to be a source of enduring and cherished advice to a student. Students won't confer trust to an adult based on his or her role as a counsellor, psychologist, or social worker; we have to earn it by building a relationship” (Prof M. Ellis, Edutopia).

Student Well-being – Care for students’ social emotional development

- Teaching the student, school and community values.
- Each day creating a sense of belonging by genuinely welcoming the student to school.
- Encouraging participation in learning and school events.
- Reading the morning notices and distributing any literature to members of the care group as per the associated instructions.
- Fostering enjoyment of school.
- Providing a point of student advocacy and support for students concerns.
- Promoting perseverance and resilience with difficult matters.
- Promoting healthy choices and life-style.
- Maintaining communication with parents with regard to their child’s wellbeing.

Student Attendance – care for students’ engagement with their course of study

- Communicating the importance of regular school attendance (with a target of 95%).
- Marking the official care rolls each morning.
- Checking absences and collecting any notes explaining past absences from school.
- Contacting parents when students are not attending and encouraging them to return to school and/or passing on relevant reason for absences to the attendance officer.
- Addressing persistent lateness to school with the student, parents and House Master to find a solution or issue an appropriate consequence.
- Checking the daily attendance inconsistencies report to monitor and address fractional truancy issues. If persistent, contact parents and the relevant Dean of Students.
- Taking an interest in students’ academic performance, in regard to such items as progress, completion of homework, problems with studies and curriculum achievements.
- Working with the student to set and record SMART learning goals for each subject.
- Checking students have a diary and that it is regularly signed by parents.

Student Appearance – care for students’ physical health and welfare

- Checking the physical appearance of all students to monitor general health. If concerns arise, communication with the relevant Dean of Students and/or Guidance Officer
- Checking students’ appearance meets school standards with respect to uniform, jewellery or make-up; directing students to the Dean of Students to address the issue.

UNIFORM POLICY

Loganlea State High School has a uniform policy which has been developed in consultation with the P&C Association. It is our school community's belief that a school uniform is an important part of a student's life at the school.

Some of the reasons for this belief are because a school uniform:

- avoids competition between students to be dressed in expensive, brand name clothes;
- ensures that students are dressed in clothes that are appropriate for learning activities;
- creates a good impression of students and the school to the wider community;
- easily identifies intruders to the school when all others are in uniform; and, complies with Workplace Health and Safety requirements. In particular activities in Art, Industrial Technology, Agriculture, Hospitality and Science require impervious shoes to protect the feet in the event of a chemical spill. As such the school has chosen to apply that standard to all students in all classes

Parents and students need to ensure that:

- Students must have enough items of uniform to be properly dressed every day.
- Students are to wear the entire formal or sports uniform at any one time (but not a combination of both).
- Jewellery is limited to a watch, one non-offensive rubber/fabric wrist band, and two studs or sleepers in the ears. Sleepers are to be smaller than a 5-cent piece and studs 5 mm or smaller in diameter.
- Other piercings are not allowed apart from a small, clear plastic retainer. Students with a new facial piercing are to report to a Dean of Students, Deputy Principal or the Principal to get a note allowing them to cover the facial piercing with a plain, skin-coloured band-aid until the piercing has healed, at which time the student can use a small, clear plastic retainer as per the above.
- Visible make-up is not to be worn.
- Boys must be cleanly shaven, or with facial hair neatly trimmed.
- Students' hair is to be a natural in colour and appearance, conservative in style and should be neatly groomed at all times.
- Students nails are to be short, neatly trimmed and without coloured nail polish.
- Every student has a school jumper or jacket by the beginning of Term 2.
- Any clothing worn under the school uniform is not to be visible.
- Uniform shoes are to be entirely black, impervious and polishable leather or vinyl shoes that do not rise more than 2 cm above the ankle and have a heel lower than 2.5 cm.
- Only "Loganlea" scarves may be worn as optional winter uniform items.
- Head dress worn for religious or cultural reasons is to be plain green, black or white.

Other Uniform Policies

1. In the senior school (grades 10 to 12) the polo shirts are part of the sports uniform only and as such may only be worn with sports shorts.
2. In the senior formal uniform the tie is a compulsory element.
3. Students with genuine religious, cultural or medical considerations may discuss their particular concerns with the Principal. As such, if exemption to the uniform policy is granted, the student will carry a note signed by the principal, in their student diaries.
4. Students in years 10 – 12 are to wear formal uniforms every Monday and to all school excursions, unless advised otherwise by the excursion coordinator.
5. Approved alternate Loganlea SHS uniforms with a school logo may only be worn on Fridays and/or during the timetabled lessons in which the student has the class.
6. Some external providers may supply a uniform to students for programs on or off the school site. Students are only allowed to wear these uniforms when participating in these programs.

Please note students may face disciplinary action for repeated breaches of uniform policy or wilful refusal to comply with the school dress code.

ASSESSMENT POLICY

Principles

Loganlea State High School is committed to education that encourages all students to achieve personal excellence by developing their talents and abilities through teaching, learning and assessment grounded in principles of academic integrity and excellence.

Academic Integrity

Loganlea SHS promotes academic quality and integrity through the following whole-school procedures:

- Communicating and consistently applying the full version of school assessment policy, located both on the school website and the student intranet homepage.
- Publishing due dates for final responses and drafts in the online OneSchool assessment planner by Week 10 of the preceding term. This planner will be available to a variety of devices, both within the school and in any external venue where students can access OneSchool through the internet.
- Encouraging students to engage in their learning, record relevant assessment due dates, manage their time to meet the due dates and produce assessment that is their own work.
- Where students experience unforeseen short term circumstances that means they are unable to meet a due date, they may seek an extension to an assessment date, by informing the head of department and classroom teacher as soon as possible, providing them with the relevant documentation, and adhering to the alternative arrangements for submission of assessment, if applicable, as decided by the school. Copies of the extension application and medical report template are available on the school website and students intranet homepage.
- Similarly where students believe their long term disability, impairment, medical condition or other circumstances may affect their ability to read, respond to or participate in assessment, they may seek an AARA application (Access Arrangements and Reasonable Adjustments) to consider relevant adjustments to the assessment conditions relevant to the impairment. As above, the application is to be made to head of department and classroom teacher as soon as possible, providing them with the relevant documentation.

Loganlea SHS ensures academic integrity through the following whole-school procedures:

- Providing scaffolding for assessment to both help students understand the process for completing the task and to maintain the integrity of the task and its related unique students responses.
- Providing assessment checkpoints on task sheets, to monitor progress and establish student authorship.
- Ensuring drafts are submitted, as the single opportunity for formal feedback to students about their response.
- Students must adhere to assessment response lengths as specified by syllabus documents. If the student's response exceeds the word length, the school will allow students 48 hours to redact their response to meet the required length, before making judgments on the redacted student work. If a redacted response is not provided within 48 hours, the school will mark only the work up to the required word length.
- Applying additional authentication strategies such as submitting the assessment to an online authorship platform where that is specified on the assessment instrument .

Non-submission of assessment

Where a final response to an assessment is not submitted, the school will make judgments based upon any available checkpoint/draft responses. Where there is no evidence available on the due date a “Not Rated” will be recorded and the students will be deemed to have not met the requirements for that subject.

External Assessment

Please note end of year external assessments are developed and administered by the QCAA for all General and General (Extension) subjects. For more information refer to the QCE Handbook - [Sections 7.3.2](#), [10.3](#) and [10.4](#)

Academic Misconduct

Students who knowingly falsely demonstrate their own or other student’s learning may face both assessment penalties and school disciplinary consequences. For examples of academic misconduct and the likely school responses, see the full version of the school assessment policy.

SUNSMART POLICY

Rationale

Too much exposure to ultraviolet (UV) radiation from the sun causes sunburn, skin damage and increases the risk of skin cancer. Sun exposure during the first 15 years of life contributes significantly to the lifetime risk of developing skin cancer. Australia has the highest rate of skin cancer in the world, with two out of every three Queenslanders developing some sort of skin cancer in their lifetime.

Skin cancers account for 80% of all new cancers diagnosed in Australia each year and melanoma is the most diagnosed cancer for 15 – 44 year olds. Research suggests that at least two-thirds of all melanomas occurring in Australia could be prevented if children were protected from the sun during their first fifteen years.

With ultraviolet radiation (UVR) levels being highest during the hours that young people are at school, Loganlea State High School recognises the need to protect young people's skin and educate them about SunSmart behaviour, thus reducing the risk of skin damage from exposure to the sun.

Objectives

The purpose of this SunSmart policy is to ensure that all young people attending our school are protected from the harmful effects of the sun throughout the year, particularly between 10am and 3pm when UV levels reach their peak. This will be achieved by:

- Increasing student and community awareness about skin cancer and sun protection.
- Encouraging the entire school community to use a combination of sun protection measures all year round.
- Working towards a safe school environment that provides shade for students, staff and the school community.
- Assisting students to be responsible for their own sun protection.
- Ensuring that families and new staff are informed of the school's SunSmart policy.
- Creating an awareness of the need to reschedule work commitments and outdoor activities to support.

Our Commitment

Loganlea State High School will:

- Increase the amount of shade in the school grounds, where possible, by building shelters and planting trees particularly in areas where students congregate eg. lunch areas, canteen, outdoor lesson areas and popular play areas.
- Ensure that shade provision is considered in plans for future buildings and grounds.
- Incorporate education programs that focus on skin cancer prevention into the school curriculum.
- Regularly reinforce and promote SunSmart behaviour to the whole school community through newsletters, school homepage, school assemblies, and student and teacher activities.
- Encourage teachers and staff to act as positive role models for children in all aspects of SunSmart behaviour.
- Encourage all students and staff to wear hats that protect the face, neck and ears, and encourage the use of SPF 30+ broad-spectrum, water-resistant sunscreen when students are involved in outdoor activities.
- Encourage students without adequate sun protection to use shaded or covered areas at recess and lunch times.
- Ensure that, wherever practicable, outdoor activities take place before 10:00am or after 3:00pm.
- Ensure that adequate shade is provided at sporting carnivals and other outdoor events.
- Ensure that SPF 30+ broad-spectrum, water-resistant sunscreen is included in the school sports kit.
- Ensure that students can access SPF 30+ broad-spectrum, water resistant sunscreen every day at application points within the school.
- Review the SunSmart policy annually.

Our Expectations

Parents / Carers will:

- Provide a hat for use in all outdoor activities.
- Ensure that their child's clothing at sporting carnivals provides adequate protection from UVR.
- Provide SPF 30+ broad-spectrum, water-resistant sunscreen for their child's use.
- Act as positive role models by practising SunSmart behaviour.
- Support the school's SunSmart policy and help to regularly update this policy.

Students will:

- Be aware of the school's SunSmart policy, participate in SunSmart education programs and contribute to regular updates of the policy.
- Take responsibility for their own health and safety by being SunSmart by undertaking the wearing of suitable hats, clothing and sunscreen.
- Apply SPF 30+ broad-spectrum, water-resistant sunscreen twenty minutes before going outdoors.
- Use shaded or covered areas when outdoors.
- Act as positive role models for other students in all aspects of SunSmart behaviour.

Review

The Principal and Parents and Citizen's Association, in consultation with the school community, will review the effectiveness of this policy when required.

They will:

- Review the SunSmart behaviour of students, staff, and parents/carers and make recommendations for improvement. Assess shade provision and usage and make recommendations for increases in shade provision.
- Review and update curriculum material relevant to SunSmart Activities.

PUBLICITY CONSENT

Form Details

Introduction to the State School Consent Form (attached) for Loganlea State High School.

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and, more broadly, celebrating Queensland education.

To achieve this, the school may use its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by parent/carer.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control; however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/third parties.

Code of Conduct for School Students Travelling on Buses

Information for Parents/Carers

What is the Code of Conduct for School Students Travelling on Buses?

The Code outlines expected standards of primary, middle and secondary school student behaviour while travelling on buses so that bus travel can be safe and enjoyable for everyone. The Code encourages all students to be safe and responsible passengers, provides clear processes for dealing with misconduct, outlines categories of inappropriate behaviour, consequences for students who misbehave and the rights and responsibilities of those involved in school bus transport.

How can I help my children to be safe and responsible bus travellers?

Parents/carers need to ensure that their children have the necessary skills and knowledge to be safe and responsible bus travellers and are capable of travelling independently on the bus. You can support your children by talking about the Code to ensure that they are aware of their rights and responsibilities and the consequences of misconduct on the bus.

Who is involved in implementing the Code of Conduct?

Ensuring the safe transport of each and every child is a shared responsibility which brings together the efforts of students, their parents/carers, schools, bus drivers and bus operators. If there are any bus conduct issues involving your child it is important that you cooperate with the bus operator and the school principal in discussing reported incidents of bus misconduct and in implementing agreed consequences. As a parent/carer you play a leading role in influencing and guiding your child's behaviour. Therefore, your involvement in this process is essential to ensure a satisfactory resolution and to help your child understand the importance of safe and responsible bus behaviour.

What are my responsibilities under the Code of Conduct?

Parents' and carers' roles

To actively support bus safety with their school aged children.

Parents' and carers' rights

- Safe and comfortable travel for their children.
- To be respected and treated fairly.
- To be consulted and to receive accurate information about the bus behaviour of their children.

Parents' and carers' responsibilities

- To ensure that their children are capable of travelling independently on the bus.
- To ensure their children have an understanding of the Code and the bus rules.
- To communicate respectfully with the operator, school and transport staff.
- To teach their children about bus safety and consequences for misconduct.
- To demonstrate appropriate bus travel behaviours to their children.
- To co-operate with the school and bus operator in managing bus misconduct.
- To ensure the safe travel of their children to and from the bus stop.
- To be available for discussions about the behaviour of their children.

Parents' and carers' expected behaviours

- To provide their children with the correct bus fare.
- To cooperate with their children's school and the bus operator in discussing behaviour incidents and in implementing any agreed disciplinary action.
- To communicate with the bus operator and the school about their children's bus transport and respond to phone and written communication.
- To address concerns about their children's bus travel by promptly contacting the bus operator so that relevant issues can be managed using the procedures outlined in the Code.

What if a student does not pay the bus fare?

Unfortunately, the incidence of fare evasion by school students has increased in recent times. Some students have exploited the framework for safe travel of school students by not paying the correct fare, thinking that they will not be refused travel. As a parent/carer, you need to let your children know that they cannot expect to travel on the school bus unless they pay their fare and that there are consequences for fare evasion. Therefore, you must ensure that they have the required bus fare for their school bus travel.

What about bullying on the bus?

Bullying is a complex societal issue which is not the responsibility of just one individual or group. Everyone, especially those who have responsibility for the care of children, need to cooperate in managing bullying.

Physical bullying which affects the safety of bus travel can be easily observed and is dealt with under the Code. However, other forms of bullying, while being totally unacceptable, can be very difficult to identify as threats to passenger safety. When the bus driver has concerns, either observed or reported, of bullying issues the bus operator will be advised and will then inform the school of the situation.

Useful information about strategies to identify and to deal with bullying is available for parents/carers at www.bullyingnoway.gov.au.

What can I do if I am dissatisfied with the bus service?

If you are dissatisfied with any aspect of the service provided by the bus company you should contact the bus operator to lodge a complaint and to attempt to resolve the issue. If you are not able to resolve the matter effectively with the operator you can consider referring the issue to the nearest Department of Transport and Main Roads Translink regional office (school transport) (for list of locations refer to www.translink.com.au/schooltransport) to investigate according to the Department's complaints management process.

What can I do if I am dissatisfied with a decision made by the bus operator?

After implementing the processes outlined in the Code, an operator may decide to refuse a student travel on the bus or to implement alternative consequences. If you are dissatisfied with this outcome you may request that the operator review the decision.

If attempts to resolve your dissatisfaction with the operator's decision are unsuccessful and you wish to take the matter further, more formal procedures are involved. In these circumstances you may contact the nearest Department of Transport and Main Roads Translink regional office (school transport) (for list of locations refer to www.translink.com.au/schooltransport) and request, in writing, a review of the decision.
