BYODx Overview

At Loganlea State High School, we incorporate technology to enhance our thought; develop technological efficacy; strengthen our organisation and collaboration skills; differentiate for students who need support or challenge; engage our students and support our ability to inquire.

Bring Your Own 'x' (BYODx) is a pathway supporting the delivery of 21st century learning. It is a term used to describe a digital device ownership model where students or staff use their personally-owned mobile devices to access the department's information and communication (ICT) network.

The BYODx acronym used by the department refers to the teaching and learning environment in Queensland state schools where personally-owned laptop devices are used. The 'x' in BYODx represents more than a personally-owned device; it also includes software, applications, connectivity or carriage services.

Specifications of BYODx Device

Loganlea SHS recommends that all devices used by students meet the minimum specifications below to enable suitability for curriculum-based activities.

- **Screen size:** As this is a tool used in the classroom, it is impractical to have a screen that is too small. **Minimum screen size of 9 inches is required.**
- **Keyboard:** A keyboard is recommended. Keyboards can be attached to the laptop or connect via Bluetooth for tablets.
- **Connectivity:** Students will connect to the LSHS network via Wi-Fi. Access to the internet outside this is achieved via your home Wi-Fi network.

Other Considerations

- **Padded Carry Case:** The school recommends a separate case to the standard school bag. These are available for purchase at The School Locker.
- **Extended Warranty:** Many manufacturers offer an extended warranty for up to three years after the date of purchase to protect against hardware failures/defects.
- **Laptop Insurance:** Used to protect against theft, accidental damage (dropped, liquid spills, falling off the roof of moving vehicles, etc.) The school highly recommends that you review your Home and Contents Insurance policy. Other insurance options are available when purchasing the device with companies including The School Locker.
- **School Lunchtime Storage:** Loganlea SHS has rentable student lockers that can be used during school breaks for students in Years 7-12. The cost is **\$10** a term or **\$30** for the year (must be paid in Term 1).

Laptop Hardware Requirements

Recommended Requirements	
Processor	Intel Core i5
Memory (RAM)	8GB
Battery	10+hrs
Screen Size	12"-15."
Resolution	1920 x 1080 FHD
Hard Drive	256GB
Network	Wifi 6 (5Ghz 802.11ax)
Operating System*	Windows 10 or 11 Home/Pro
Minimum Requirements	
Processor	Intel Core i3 (2018+ / 8th Gen+) or latest Pentium
Memory (RAM)	4GB (not recommended for new devices – recommend upgrade to 8GB)
Battery	10+hrs
Screen Size	10"+
Resolution	1280 x 1024
Hard Drive	128GB
Network	Wifi 5 (5Ghz 802.11ac)
Operating System*	Windows 10 or 11 Home/Pro, Mac/iOS (not recommended - high technical skill required)
<p>Unsupported Devices – cannot be onboarded at Loganlea SHS</p>	<ul style="list-style-type: none"> • Limited support for Apple Mac Google Chrome Books are not compatible with the school network • Android is currently not compatible with the network • Linux is not compatible with the network

Device Care

The student is responsible for taking care of and securing the device and accessories in accordance with school policy and guidelines. **Responsibility for loss or damage of a device at home, in transit or at school belongs to the student.** Advice should be sought regarding inclusion in home and contents insurance policy.

It is advised that **accidental damage and warranty policies** are discussed at point of purchase to minimise financial impact and disruption to learning should a device not be operational.

General Precautions

- Food or drink should never be placed near the device.
- Plugs, cords and cables should be inserted and removed carefully.
- Devices should be carried within their protective case where appropriate.
- Carrying devices with the screen open should be avoided.
- Ensure the battery is fully charged each day.
- Turn the device off before placing it in its bag.

Cyber Security Guidance for Parents and Carers

As your children increasingly make use of devices that access internet at home, it is important to consider online safety issues and gaming.

The links below are a starting point for you as you navigate managing the home environment with digital devices.

<https://www.esafety.gov.au/parents/issues-and-advice/parental-controls>

<https://raisingchildren.net.au/teens/entertainment-technology/screen-time-healthy-screen-use/managing-screen-time-teens>

Parents, caregivers and students are encouraged to read the department's Cybersafety and Cyberbullying guide for parents and caregivers.
