

BYODx Equity Device Application Form

Dear Parents / Caregivers

At Loganlea State High School, we are committed to incorporating digital technology into the classroom to support and enhance learning experiences. We recognise that the BYODx program raises a financial cost on students and their families in supplying a device. At the same time, the program can only function if all students have access to appropriate technological resources in all of their classes. Loganlea State High School takes the role of public education seriously in ensuring all students have access to the same learning outcomes. The purpose of the BYODx Equity Policy is to establish the framework for the BYODx program to provide this for all students, irrespective of their families' financial circumstances.

Please select your preference from the following options:

- I will provide my own device for my child
- I do not have the resources to supply a device for my child at this time and would like to apply for a device through the BYODx equity program. I have read the responsibilities listed on the following page and I have read and agree to the indemnity information.

Approval for access to a school device is at the discretion of the Principal or delegate.

Where a loan laptop is damaged due to negligence or not returned, the parent/caregiver will be contacted and issued an invoice to pay the repair or replacement cost.

This arrangement allows student from families in financial hardship to access a laptop until circumstances improve and a personal laptop is purchased. Please complete the form on page 2 and return to the school office. Once a decision has been made, you will be notified of the outcome.
